EXTEND THE LIFE OF YOUR ELECTRICAL EQUIPMENT

Electrical Solutions Experts

Advanced Electrical & Motor Controls (AEAMC) specializes in electrical solutions for discontinued electric power distribution equipment, including:

- Molded case circuit breakers
- Insulated case circuit breakers
- Motor controls
- UL-508A panelboards

Trust AEAMC to deliver innovative, cost-effective solutions that extend equipment life with minimal downtime. Our in-house technicians test and recondition our products to the highest standards in the industry and provide 24/7 disaster and emergency response.

CIRCULATION

The Electrical Advertiser has a nationwide mailing list of over 80,000 names. 25,000 publications are mailed on a monthly basis. Additional copies are distributed at many industry trade shows we attend as an exhibitor and can also be seen on our website or thru our ipad/iphone app. Our publication is a buying source for electrical contractors, distributors, utilities and plant facility personel. Our list has been established over the last 41 years through personal contacts, trade show representation, online requests and direct marketing efforts by our staff.

The Electrical Advertiser
1010 Dale Street North, St Paul, MN 55117
800-328-0328 • Fax 888-566-7345
www.ElectricalAdvertiser.com
info@ElectricalAdvertiser.com

MAIL LIST UPDATE

We are constantly updating our mail list in an effort to make it the best possible! If you no longer read or use *The Electrical Advertiser*, please call us at 800-328-0328 and we'll remove your name. If more convenient, make a copy of the mailing label and fax it to our toll free fax number at 888-566-7345. Our mail list is extensive at over 80,000, and it is our intent to put the publication into hands that will use it!

Thank You for Being Part of Our Journey — Looking Ahead to 2027!

As another year comes to a close, we want to take a moment to say THANK YOU to the advertisers, businesses, and friends who have made The Electrical Advertiser a part of their year.

Your continued support, trust, and partnership mean more to us than words can express. Every advertisement represents more than a business reaching potential customers. It represents a relationship, a shared commitment to our industry, and a belief in the value of keeping our electrical community connected.

We know you have choices when it comes to promoting your business, and we are truly grateful that you choose The Electrical Advertiser as one of the ways to share your products, services, and expertise with our readers. Your support allows us to continue providing a publication that brings businesses and customers together while highlighting the people and companies that keep our industry moving forward.

TRANSFORMERS • STARTERS • FITTINGS • CIRCUIT BREAKERS
FIRE ALARM EQUIPMENT • FUSES • NEW & OBSOLETE

WANTED:
Your Excess Electrical Inventory!

Special Interest in
Explosion Proof Fittings
T & B • Raco • Crouse-Hinds
Appleton • O. Z.

Specializing in
Square D I-Line
Breakers & Panels

Substantial Savings on New Surplus and Remanufactured Equipment

LARGE INVENTORY IN STOCK

- GE
- Square D
- Allen-Bradley
- Cutler Hammer
- Westinghouse
- FPE
- ITE
- O.Z.
- T&B
- Raco
- Crouse-Hinds
- Appleton
- Bussman
- Killark
- Gould Shawmut

PHASE CONVERTERS
POWER FACTOR CORRECTION CAPACITORS

The Power You Need
The Quality You Deserve

- Convert Single Phase to Three Phase
- Rotary for Multi-Motor Applications
- One Year Warranty on Generator Motor
- Two Year Warranty on Higher Voltage Capacitors

Offer Your Customer A Great Way
to Improve Their Power Factor

- 100 KVAR & Up Automatic
- .5 to 400 KVAR Fixed
- 240 volt, 480 volt & 600 volt
- Improve Power Factor
- Increase System Capacity
- Save Power & Money
- Call for your free KVAR Application Guide

LOOKING FOR SOMETHING UNDERGROUND?

We found it!

We've found **underground** PVC plastic pipe, electrical cable, conduits, steel pipe, ceramic pipe, and asbestos pipe. We've found it all with the MAGNETOMATIC.® This pipe locator has one moving assembly - contains no dials, intricate mechanisms or batteries. In essence, the MAGNETOMATIC® is a "space age" divining rod. It simply reacts to pipe and cables underground when it passes over them. MAGNETOMATIC® is effective to a depth of 10 feet or more. It collapses into a neat package that fits into your hip pocket. Sold on a money-back, satisfaction guaranteed basis. Used by contractors, public utilities, plumbers, and others. Simple, easy-to-read instructions. Reasonably priced.

MAGNETOMATIC
PIPE LOCATOR

Continued from page 6

We also recognize that small businesses and local companies are the backbone of our industry. Your hard work, dedication, and commitment to serving your customers deserve to be celebrated, and we are proud to help share your stories throughout the year.

Now, let's look ahead to 2027!

A new year brings fresh opportunities, new connections, and exciting possibilities. We look forward to continuing to grow, reaching new readers, strengthening existing relationships, and helping our advertisers keep their businesses in front of the customers who need them.

Whether you have been advertising with us for years or joined us more recently, we hope you will continue to be part of our journey. We are excited about what the coming year holds and look forward to making 2027 another successful year together.

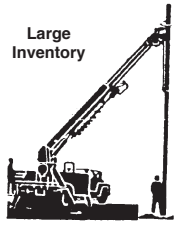

From all of us at The Electrical Advertiser, we wish you, your employees, your families, and your customers a happy holiday season and a prosperous New Year!

Thank you for your business. Thank you for your confidence in us. And most of all, thank you for being part of The Electrical Advertiser family.

Here's to a bright and successful 2027!

WINTER SPECIAL

The Original Bulldog Bender™

Electrician designed & developed.
Proudly Made in USA.

$289

Bending large gauge electrical cables is difficult, especially in tight spaces. Bulldog Bender gives you the power and leverage to easily install, bend, & terminate cables in service panels, LB conduit bodies, switchgear, motor controls, wireways, and meter bases.

ORDER TODAY

1-800-328-0328

Knurled dowels provide secure grip, while Smooth dowels reduce risk of marring cable insulation*

MODERNIZE CIRCUIT BREAKERS TO AVOID DOWNTIME

Advanced Electrical & Motor Controls (AEAMC) specializes in life-extension programs to keep aging electrical equipment in service. Retrofit solutions replace bolted pressure switches with modern, current-series circuit breakers.

From outage coordination to installation and testing, our experienced team manages every step of the process.

- Enhance system reliability
- Reduce incident energy levels
- Improve electrical safety
- Integrate communications and remote operation
- Get turnkey retrofit solutions

Contact us today to discuss your retrofit needs.
