LOOKING FOR SOMETHING UNDERGROUND?

We found it!

We've found underground PVC plastic pipe, electrical cable, conduits, steel pipe, ceramic pipe, and asbestos pipe. We've found it all with the MAGNETOMATIC®. This pipe locator has one moving assembly - contains no dials, intricate mechanisms or batteries. In essence, the MAGNETOMATIC® is a "space age" divining rod. It simply reacts to pipe and cables underground when it passes over them. MAGNETOMATIC® is effective to a depth of 10 feet or more. It collapses into a neat package that fits into your hip pocket. Sold on a money-back, satisfaction guaranteed basis. Used by contractors, public utilities, plumbers, and others. Simple, easy-to-read instructions. Reasonably priced.
