2026
Conference
& Exhibition

APRIL 23-25, 2026

Metropolitan at the 9 Cleveland, Ohio

The PEARL Annual Conference and Exhibition is the premier event for the electrical equipment recovery industry.

This event draws nationwide participation by professionals concerned with the safety and reliability of reconditioned and remanufactured electrical equipment and apparatus.

April 23, 2026—Conference Kick-Off

- Committee meetings
- Comprehensive technical sessions & resources
- **Hands-on technician training**
- Exhibitor Reception

April 24, 2026—Technology Exploration Day

- Explore risks, strategies, and tools to improve asset reliability and maintenance.
- Technician Certification Exams (Levels 1, 2 & 3)
- **Hands-on technician training**
- Sponsor-Exhibitor Showcase & Raffle
- President's Dinner & Trivia at Southern Tier

April 25, 2026—Facility Tours

- **Facility Tours**
- Closing Informal Gathering

Join us for an engaging three-day event filled with expert insights, thought-provoking discussions, and unparalleled networking opportunities.

CIRCULATION

The Electrical Advertiser has a nationwide mailing list of over 80,000 names. 25,000 publications are mailed on a monthly basis. Additional copies are distributed at many industry trade shows we attend as an exhibitor and can also be seen on our website or thru our ipad/iphone app. Our publication is a buying source for electrical contractors, distributors, utilities and plant facility personnel. Our list has been established over the last 41 years through personal contacts, trade show representation, online requests and direct marketing efforts by our staff.

The Electrical Advertiser

1010 Dale Street North, St Paul, MN 55117

800-328-0328 • Fax 888-566-7345

www.ElectricalAdvertiser.com

info@ElectricalAdvertiser.com

MAIL LIST UPDATE

We are constantly updating our mail list in an effort to make it the best possible! If you no longer read or use *The Electrical Advertiser*, please call us at 800-328-0328 and we'll remove your name. If more convenient, make a copy of the mailing label and fax it to our toll free fax number at 888-566-7345. Our mail list is extensive at over 80,000, and it is our intent to put the publication into hands that will use it!

PEARL Sets the Standard for Electrical Reconditioning and Announces Upcoming Conference & Exhibition

CLEVELAND, OH — The Professional Electrical Apparatus Reconditioning League (PEARL) continues to lead the electrical industry by advancing safety, technical excellence, and responsible reuse of electrical equipment. Through nationally recognized standards, technician certification, and industry collaboration, PEARL plays a critical role in ensuring reconditioned electrical apparatus meets the highest levels of quality and reliability.

Founded in 1997, PEARL represents companies and professionals engaged in the inspection, testing, and reconditioning of electrical equipment that has previously been placed into service. This includes circuit breakers, switchgear, transformers, motor control, and related apparatus essential to commercial and industrial power systems. PEARL's work supports both operational safety and sustainability by extending the life of valuable electrical assets while maintaining strict performance requirements.

EXTEND THE LIFE OF YOUR ELECTRICAL EQUIPMENT

Electrical Solutions Experts

Advanced Electrical & Motor Controls (AEAMC) specializes in electrical solutions for discontinued electric power distribution equipment, including:

- Molded case circuit breakers
- Insulated case circuit breakers
- Motor controls
- UL-508A panelboards

Trust AEAMC to deliver innovative, cost-effective solutions that extend equipment life with minimal downtime. Our in-house technicians test and recondition our products to the highest standards in the industry and provide 24/7 disaster and emergency response.

Contact us for custom engineered solutions.

The Solution
To stak, store, protect, and pull wire!

USA MADE

Stak: Up to five units tall. Easy two handed ergonomic carry from truck or jobsite.

Store: 500' spools of 14, 12 & 10 AWG wire easily for inventory control. Polymer design reduces damage to finished surfaces on the job.

Protect: Reduces wire damage from tools and personnel. Made of non-conductive polymer.

Pull: Pull wire smoothly from the top or the sides when in the Stak. Support large spools with molded V-Grooves.

GENERATOR SOLUTIONS FOR YOUR HOME AND BUSINESS! SPRING SALE

WINCO GENERATORS - www.wincogenerator.com

CALL TODAY 1-800-328-0328

PACKAGED STANDBY AND AFFORDABLE DIESELS

Our most popular Standby model is the PSS8. It can be placed in both prime and standby applications so it is just as appropriate for a remote pump as it is for your house. At **\$5593.60** it is priced right for business and home use.

The W6010DE at only **\$5851.20** is the most affordable, most serviceable, and most reliable air-cooled diesel ever. This unit is appropriate all the way from home use, to job sites, to emergency response vehicles.

COMMERCIAL AND INDUSTRIAL GENERATORS

You expect the best, you get the best. The WL12000HE with a Honda GX630 Engine is better than ever including improved adaptability, quieter operation, and greater fuel efficiency. **ONLY \$5032.40**

It doesn't get much more powerful than our WL18000VE. While there is one competitor on the market, it is not an equal. This industrial grade unit sells for **\$6062.80**

PORTABLE TRI-FUEL GENERATOR

The HPS12000HE was built with versatility in mind. It is the only Tri-Fuel capable, Honda-powered generator on the market that **DOES NOT** void the engine warranty. It's constructed with the same engine and generator end we use on our Industrial WL12000HE. **Only \$4495.00**

Globe Electric Supply carries one of the largest inventories of industrial electrical supplies in the United States. We carry electrical merchandise of all types, including **Hard-to-Find** and **Obsolete** products.

1-800-221-1500

Conduit Fittings

Large assortment of all types of conduit fittings, all sizes and types, malleable iron and aluminum, threaded and set screw.

Explosion Proof Items

Extensive inventory in stock of all types of boxes and connectors, receptacles and plugs, flexible conduit, light fixtures and controls from major manufacturers.

Lighting Fixtures & Bulbs

Globe stocks commercial and industrial lighting fixtures and lamps. From incandescent to fluorescent - from metal halide to explosion proof and vaporite - including lamps, and fixtures for designer applications.

Circuit Breakers

Globe Electric stocks current and obsolete circuit breakers from all major brands, in all voltages, amperages and models, including mounting hardware and accessories.

Motor Controls

Globe stocks a huge selection of current and obsolete motor controls, starters, contactors, pushbuttons and relays from all manufacturers, including contact kits, coils & replacement parts.

Obsolete Products

From hard-to-find circuit breakers and wiring devices, to obsolete and discontinued panel board switches and fuses - Globe has the products you need

Plugs, Receptacles & Switches

We stock wiring devices in all types and configurations from all major manufacturers - including pin and sleeve devices and wiring devices in obsolete and hard-to-find designs up to 400 AMP.

Bus Plugs & Panelboard Switches

We stock present and obsolete models - new and reconditioned - including hard-to-find models. Available in most sizes and types.

Lugs & Terminals

Copper and aluminum, mechanical and compression types, assorted styles and applications.

Safety Switches

We stock a massive inventory of disconnect switches in all voltages from 30 to 1200 amps, as well as double throw switches & disconnects in Nema 1 through Nema 7.

Fuses & Fuse Blocks

As an authorized distributor for both Ferraz-Shawmut and Bussmann, we stock all sizes of fuses in voltages up to 6000 amps.

PVC Coated Items

Globe Electric stocks an extensive inventory of PVC coated conduit and fittings from Ocal and Robroy.

PHASE CONVERTERS POWER FACTOR CORRECTION CAPACITORS

*The Power You Need
The Quality You Deserve*

*Offer Your Customer A Great Way
to Improve Their Power Factor*

- ❖ Convert Single Phase to Three Phase
- ❖ Rotary for Multi-Motor Applications
- ❖ One Year Warranty on Generator Motor
- ❖ Two Year Warranty on Higher Voltage Capacitors

- ❖ 100 KVAR & Up Automatic
- ❖ .5 to 400 KVAR Fixed
- ❖ 240 volt, 480 volt & 600 volt
- ❖ Improve Power Factor
- ❖ Increase System Capacity
- ❖ Save Power & Money
- ❖ Call for your free KVAR Application Guide

HUGE Inventory

- Remanufactured Meters (Singlephase/Polyphase)
- New Solid State Meters
- Meter Mounting Equipment
- Indoor/Outdoor Instrument Transformers

Brands We Carry

10% OFF Offer available to all Electrical Advertiser customers with a \$100 minimum order.

HIALEAH METER
Meters you can count on since 1954

800.654.0821 - www.HialeahMeter.com

FABRICATED DUCT SPACER

- Off-site duct bank assembly is possible, allowing for labor savings
- A safer installation - less time is needed in the trench
- Do more work outside of the ditch instead of in the ditch
- Cannot fall or tip over
- Easy flow of concrete through the spacers during concrete pour
- Fits all types and sizes of conduit
- Any configuration and conduit separation can be maintained

UNDERGROUND DEVICES INCORPORATED

TRIP UNITS

LOOKING FOR SOMETHING UNDERGROUND?

We found it!

We've found underground PVC plastic pipe, electrical cable, conduits, steel pipe, ceramic pipe, and asbestos pipe. We've found it all with the MAGNETOMATIC.® This pipe locator has one moving assembly - contains no dials, intricate mechanisms or batteries. In essence, the MAGNETOMATIC® is a "space age" divining rod. It simply reacts to pipe and cables underground when it passes over them. MAGNETOMATIC® is effective to a depth of 10 feet or more. It collapses into a neat package that fits into your hip pocket. Sold on a money-back, satisfaction guaranteed basis. Used by contractors, public utilities, plumbers, and others. Simple, easy-to-read instructions. Reasonably priced.

Only \$44.50

Plus \$3.00 Shipping & Handling

**BRUCE
ELECTRIC
EQUIPMENT**
The industry buzz is about dependability

**TRANSFORMERS, CIRCUIT BREAKERS
POWER CONDITIONING EQUIPMENT &
ELECTRICAL DISTRIBUTION EQUIPMENT**
www.brucelectric.com | 631-615-8927

ALL THE EQUIPMENT YOU NEED...**WHEN YOU NEED IT!**

- Transformers
- Transient Voltage Surge Suppressors
- Power supplies
- Panelboards
- Circuit Breakers
- Voltage Surge Suppressors
- Power Line Conditioners
- Safety Switches
- Phase Converters
- Rectifiers
- UPS Systems
- Transfer Switches

And you can save even more when you buy from our line of fully refurbished transformers, molded case circuit breakers and other electrical distribution equipment. Buy with confidence as all items carry our exclusive **TWO YEAR WARRANTY** (one year on circuit breakers).

Don't know what to do with your used circuit breakers and obsolete inventory? Ask about our **CIRCUIT BREAKER PURCHASE PROGRAM!** We'll turn your used or unwanted items into cash or credit toward the purchase of any equipment we sell. **For more information, visit our website, or give us a call today.**

As an **ANSI-accredited standards developer**, PEARL establishes industry benchmarks through its Inspect & Test and Reconditioning Standards. These standards are widely referenced and help guide best practices across the electrical service and distribution sector. In addition, PEARL's **Technician Certification Program** provides formal credentials that validate technical expertise and reinforce workforce competency throughout the industry.

PEARL Conference & Exhibition 2026

PEARL will bring together industry leaders, technicians, service providers, and suppliers at its upcoming **Annual Conference & Exhibition, taking place April 23–25, 2026, in Cleveland, Ohio, at the Metropolitan at The 9.**

The PEARL Conference & Exhibition is the organization's premier annual event and serves as a national forum for technical education, professional development, and business networking. Attendees will participate in in-depth technical sessions, hands-on workshops, and discussions focused on current challenges, emerging technologies, and evolving standards within electrical reconditioning.

Highlights of the 2026 Conference & Exhibition include:

- Technical education sessions covering advanced testing methods, transformer analysis, safety protocols, and emerging technologies
- On-site PEARL Technician Certification exams for Levels 1, 2, and 3
- A full Exhibition Hall featuring leading suppliers, service providers,

and technology partners

- Networking events designed to foster collaboration across all segments of the industry
- Facility tours offering behind-the-scenes insight into modern reconditioning and electrical service operations

The Conference also offers optional activities for guests, providing a well-rounded experience that blends professional engagement with local culture and entertainment.

Advancing the Industry Together

The PEARL Conference & Exhibition is widely recognized as a key gathering for professionals committed to improving safety, consistency, and innovation in electrical equipment reconditioning. By bringing together technical experts, decision-makers, and solution providers, the event reinforces PEARL's mission to strengthen industry standards while supporting workforce development and sustainable practices.

Additional information about PEARL, its standards, certification programs, and the 2026 Conference & Exhibition is available at .

SPRING SPECIAL

\$289

The Original Bulldog Bender™

Electrician designed & developed.
Proudly Made in USA.

Bending large gauge electrical cables is difficult, especially in tight spaces. Bulldog Bender gives you the power and leverage to easily install, bend, & terminate cables in service panels, LB conduit bodies, switchgear, motor controls, wireways, and meter bases.

ORDER TODAY
SCAN HERE

Quick connect Pro Handle and Adapter Bar

90° offset dowel orientation allows ease of use in a variety of applications

Adapter Bar allows left or right cable bends inside tight electrical enclosures

www.ToolsPlusMore.com

1-800-328-0328

Knurled dowels provide secure grip, while Smooth dowels reduce risk of marring cable insulation*

MODERNIZE CIRCUIT BREAKERS TO AVOID DOWNTIME

Advanced Electrical & Motor Controls (AEAMC) specializes in life-extension programs to keep aging electrical equipment in service. Retrofit solutions replace bolted pressure switches with modern, current-series circuit breakers.

From outage coordination to installation and testing, our experienced team manages every step of the process.

- Enhance system reliability
- Reduce incident energy levels
- Improve electrical safety
- Integrate communications and remote operation
- Get turnkey retrofit solutions

Contact us today to discuss your retrofit needs.
